## Graduation Requirements

**Service Learning** is an integral part of living out The Overlake School's mission. Students engage in service as a community and individually with local, domestic, and global reach.

The **Project Week** program engages students in challenging co-curricular learning experiences spanning across grade levels. Each year students choose from approximately 40 projects ranging in interests from the arts and sciences to global service and the outdoors. All projects emphasize experiential education, challenge, group process, and reflection.

**Senior Projects** happen during a senior's final three weeks at The Overlake School. Each senior is involved in an off-campus self-directed project. Experiences can cover a wide range of fields including academic research, assistant teaching, technology, community service, business, communications, outdoor education, art, politics, and the environment. Upon completion of their Senior Project, Overlake seniors make a formal presentation to the Overlake community about their experience.

The **Outdoor Education** program facilitates student learning and growth in an outdoor environment. Trips and activities emphasize cooperation, perseverance, focus, judgement, and leadership.

## Special Programs

The **Idea Lab** program provides physical space and curricular framework for students to experience interdisciplinary problem solving and collaboration. Students combine previous learning experiences with principles central to design thinking and engineering to address complex problems.

**Co-curricular** programs offer students the chance to participate in school-sponsored clubs, athletics, and fine and performing arts. Student-led club offerings change annually based on student interest. A sample of club offerings includes Debate, DECA, Engineering Club, Quiz Bowl, and Robotics. Interscholastic sports offered include baseball, basketball, cross country, golf, lacrosse, soccer, tennis, ultimate frisbee, and volleyball.
