

PROFILE FOR THE CLASS OF 2022

A REPORT TO COLLEGES & UNIVERSITIES

The Overlake School is an independent coeducational suburban day school, offering a rigorous college preparatory program in the liberal arts tradition. The school's goal is to prepare a diverse student body for admission to colleges and universities for a lifetime of ongoing learning and success. All students must complete studies in the natural sciences, arts and humanities. The co-curricular program provides balance to the academic curriculum by giving students opportunities for leadership, and social and emotional growth.

SPECIAL PROGRAMS*

Service Learning is an integral part of living out The Overlake School mission. Students engage in service as a community and individually with local, domestic, and global reach.

Co-curricular credits may be satisfied by participating in school-sponsored clubs, athletics, or a dramatic production. Student-led club offerings change annually based on student interest. A sample of club offerings includes: Acapella, ASB, Astronomy, Carbs & Crochet, Debate, Engineering, Gender Equality, Impact, and JSA. Interscholastic sports offered: baseball, basketball, cross country, golf, lacrosse, soccer, tennis, ultimate frisbee, and volleyball.

The **Project Week** program engages students in challenging co-curricular learning experiences spanning across grade levels. Each year students choose from approximately 40 projects with an emphasis on experiential education, challenge, group process, and reflection ranging in interest from the arts and sciences to global service and the outdoors.

The **Global Service** program allows Overlake students to teach during Project Week at our partner school in Pailin, Cambodia.

SPECIAL PROGRAMS *(continued)*

Senior Project: During their final three weeks at The Overlake School, each senior is involved in an off-campus experience. Self-designed projects can cover a wide range of fields including academic research, assistant teaching, technology, community service, communications, business, outdoor education, art, politics, and the environment. Upon completion of their Senior Project, Overlake seniors make a formal presentation to the Overlake community about their experience.

Overlake has reciprocal **Foreign Exchange** programs with schools in China, France, and Spain. Upper School students are given the opportunity to develop their language skills and learn about the culture of their chosen language by living with a host family for 10 days. Overlake reciprocates by hosting students from these countries.

SPECIAL NOTES

Spring Semester 2020 Grading during COVID-19: On March 11, 2020 as a result of the COVID-19 pandemic, The Overlake School moved to online teaching and learning and changed its grading policy from numerical grades to Credit/No Credit (CR/NC). This change is indicated in the Semester 2 column for Spring 2020 on a student's transcript. The Overlake School returned to a numerical grading policy Fall 2020. The Overlake School was remote through April 2021.

***Special Programs Notes:** Due to the pandemic, none of our national or international trips happened last year.
